Right to Flush

Betzold Nancy Faye B321

AAA: 17601614  Calved: 4/2/2013  Tattoo: B321

• What and opportunity here!!!! B321(Star) is a young, powerful donor for the Prusa and Betzold programs. In her short time in the donor pen she has produced consistently, including the second high selling heifer in the I-70 Classic online sale to California. She has proven to work both on show bull or performance bull alike. 321 herself is a very eye appealing, powerful, stout female that sets it all down on a tremendously huge foot.

• Selling one conventional flush with the guarantee of 5 transferable eggs and 2 pregnancies. Buyer pays all flush expense.

She has the perfect profile, not to mention she is thick to boot. She will go out and make a great project for any junior and be one you can breed and turn her calves into cash. This cow is a super smooth, super functional cow that milks really well for a first calf heifer. She’s bred back for a September calf by Mckinley!!! If you haven’t heard of him look him up - big time potential in that one!! 39A Lot (691) is a young September heifer sired by the popular Silveiras Style. She’s big bellied, choke fronted and super functional in her design. Make sure you end up with the pick because the one you want maybe gone!!!!
